## THE IMPORTANT PARTS

- One step for you – choose BOQ Finance Pay By Monthly Instalments or have the option fully automated
- One step for your client – click on the link straight from mobile device or computer and submit funding
- Automatically offer 100% of your clients a funding quotation
- No forms to fill in, no more limited choice, no missed funding opportunities

## PAY BY MONTHLY INSTALMENTS

Premium funding monthly instalments can automatically be added to your invoice and statement templates in addition to your current payment methods.

The insurance invoice or statement will show the payment term, the monthly instalment amount and a link for the client to submit the premium funding online. As soon as your client submits online, the loan is automatically assessed and you will receive an email if the loan is approved.

Our partnership with Ebix on the WinBEAT platform could not be easier, saving you time and boosting your income. Importantly, it now means you have the ability to use this new technology with your preferred funder.
